

# **Venue Specifications**

# Description

The main Audio-Visual Gallery situated on the second floor, measures 10.66m x 4.50m. It caters for lectures, seminars, film screenings, team building exercises and corporate events. The gallery is a versatile space suitable for stand-up parties, concerts and other functions. The space has been utilised by performing arts groups. The Audio-Visual Gallery can seat approximately 75 people (tables and seating at an extra charge). It is equipped with two Full HD projectors. For more information on the Audio-Visual features of the Hall please see the next page.

We do our utmost to accommodate any requests for extra equipment.

Audio-Visual Facilities Projector and Audio System

# **Disabled Access**

The Museum as well as the Gallery are wheelchair accessible. The venue also offers access to disabled toilets.

# **Exhibition Facilities**

Frames can be hung using the 'Artiteq' system which is already available at the museum.

# Gallery Facilities (Projector, Sound System, Speakers)

Panasonic Projectors use edge blending facility to achieve a 2.35:1 Cinema format picture. It projects on a 5 meter wide motorised screen.

Apart from feature playback through a Brightsign Media Player, the system is also equipped with the necessary connections (HDMI/DVI) for a computer presentation.

Audio in the hall comprises of a multi-input audio amplifier with four speakers and one sub-woofer. A set of wireless microphones is also installed.

# **Venue Specifications**

# Description

Despite being the more intimate of the three rentable spaces in the museum, the first floor gallery is suitable for exhibitions and is characterised by its vintage floor tiles. The space measures 6.62m x 2.55m. The door at the far end of the gallery leads to a balcony, overlooking Archbishop Street.

We do our utmost to accommodate any special requests when renting our spaces.

# **Exhibition Facilities**

Frames can be hung using the 'Artiteq' system which is already available at the museum.

# **Disabled Access**

The Museum as well as the Gallery are wheelchair accessible. The venue also offers access to disabled toilets.

# **Venue Specifications**

# Description

Our spacious roof top terrace boasts a view of Valletta. It measures 13.36m x 5.24m, making it the most spacious area at the museum. This area is wheelchair accessible as the lift available at the museum services all floors. The terrace is much loved for its versatility. The three wide doors which lead to the terrace can be opened to allow more access onto the third floor which can also be used for extra space and the ability to accommodate more people.

We will do our utmost to accommodate any special requests such as food and drinks and extra equipment.

# **Seating Capacity**

This area generally accommodates stand up events but can also be kitted with chairs if requested.

# **Disabled Access**

The Museum as well as the Terrace are wheelchair accessible. This venue also offers access to disabled toilets.
